

A cluster of colorful squares (orange, blue, green, pink, grey) in the top left corner, scattered across the white background.

AUTISM FINLAND

A single green square positioned to the left of the main title.

– for people with autism spectrum
disorder and their close ones

DISCOVER AUTISM

Autism Finland is a national expert and non-governmental organization promoting the inclusion and equality of people with autism spectrum disorder and their close ones in society.

We support our member associations, influence in decisionmaking, spread information on autism, launch projects, educate peer experts and experts by experience, and provide counselling and guidance.

Our members include associations around Finland. By registering as a member of one of our member associations, you'll be able to participate in the activities.

JOIN THE LOCAL MEMBER ASSOCIATION

Our member associations provide peer support, information about local events and services.

As a member of the association, you'll also receive the AUTISMI-magazine published four times a year.

Join a member association of Autism Finland:

RECEIVE INFORMATION ABOUT THE AUTISM SPECTRUM

We organize annually events and trainings across Finland. The National Autism Winter event is organized in February, the The Autism Awareness Week is held in the first week of April, Tunne autismi (Discover Autism) event open for everyone invites to discover more information about autism and the Autismikirjo tutuksi (Discover Autism Spectrum) series of trainings is launched in different locations several times a year.

From our webstore, you can order handbooks, brochures and books directly at home or for your workplace.

EXPERIENCE MATTERS!

Our activities involve trained experts. All of them have experiences of autism spectrum disorder, either personally or via a family member.

You'll be supported by Good Start peers when the autism spectrum diagnosis is recent.

You can request experts by experience to give a speech for example in an event, training or school.

WHEN YOU NEED COUNSELLING AND SUPPORT

Please contact counselling service when you need counselling and support in autism spectrum matters.

- Mon-Thu at 12-15 by telephone 050 467 3130
- by e-mail at neuvontapalvelu@autismiliitto.fi

Tukinet-chat provides a place to share experiences and receive peer support online. There are always employees of Autism Finland involved to guide the conversation.

SUPPORT OUR WORK FOR AUTISM!

By donating you contribute to the implementation of human rights of people on the autism spectrum and promote the development of a more accessible society.
